

Day work and major traffic changes on St Peters Street and Florence Street, St Peters for approximately seven weeks

Major traffic changes will be in place on St Peters Street from Saturday 18 August and on Florence Street from Monday 20 August for approximately seven weeks to finalise construction of the new road and footpath on the southern section of Campbell Street.

What we're doing

Work will be carried out to finalise the new road and footpath on the southern side of Campbell Street from Crown Street, across Princes Highway, to Brown Street over a period of approximately seven weeks. The following traffic changes will be in place in connection with this work:

- **1) St Peters Street temporary access road at the intersection of Campbell Street**
From 8am Saturday 18 August for approximately seven weeks
- **2) Florence Street road closure at the intersection of Campbell Street**
From 7am Monday 20 August for approximately seven weeks

To note, as per Notification No.479 a road closure is in place on Church Street at the intersection of Campbell Street from Monday 13 August for approximately eight weeks.

1) St Peters Street temporary access road at the intersection of Campbell Street

The current St Peters Street will be closed at the intersection of Campbell Street. A temporary access road will be in place west of St Peters Street parallel to the current road **from 8am Saturday 18 August for approximately seven weeks**. Pedestrian and vehicle traffic will travel on the new temporary access road between St Peters Street and Campbell Street (please see the map overleaf to better explain the location of the temporary access road).

Work to move traffic from the current St Peters Street to the temporary access road will be carried out on **Saturday 18 August, 8am to 6pm**. A stop/slow traffic setup will be in place on St Peters Street for the duration of this work.

Where/when

1) St Peters St temporary access road

Saturday 18 August for approximately seven weeks

2) Florence St road closure

Monday 20 August for approximately seven weeks

BUILDING OUR FUTURE

Constructed by

2) Florence Street road closure at the intersection of Campbell Street

A road closure will be in place on Florence Street at the intersection of Campbell Street **from 7am Monday 20 August for approximately seven weeks** to build the new road and footpath in this area.

Florence Street traffic changes

- Road closure on Florence St at the intersection of Campbell St; no access between Florence St and Campbell St
- Vehicle access to Florence St via Silver St only (Silver St may experience increased traffic volumes)
- Pedestrian detour: There will be no direct pedestrian access between Florence St and Campbell St. A temporary pedestrian detour will be in place via St Peters St to provide pedestrian access between Florence St and Campbell St during the Florence St road closure. Please see map below

How this affects you

Extended work hours are required on St Peters Street on Saturday 18 August from 8am to 6pm. Generally, this road pavement construction work will take place during standard construction hours: Monday to Friday 7am - 6pm and Saturday 8am - 1pm. If work is required outside of standard construction hours you will be notified in advance.

Equipment used during the work will include excavators, crane, vacuum trucks, construction trucks, hand tools, light vehicles, compaction equipment and traffic control. This work is expected to generate noise however every effort will be made to minimise noise associated with this work by turning off equipment and vehicles when not in use and directing noise generating equipment away from residential properties where possible.

Asphalt pavers and rollers will be used to construct the new road surface. Mild vibration may be felt at times as the new road is being asphalted and compacted however all equipment will operate within approved limits.

Once the new road and footpath is complete on the southern side of Campbell Street from Crown Street, across Princes Highway, to Brown Street, traffic will move onto this section of road. The construction site compounds will move from the southern side of Campbell Street to the northern side to construct the new road and footpath on the northern side. There will be some remaining work on the southern side of Campbell Street and surrounding streets such as road surface finishing work and landscaping to take place before Project completion in 2020.

Major traffic changes on St Peters Street and Florence Street for approximately seven weeks
