

## Night work and traffic changes on Princes Highway and Barwon Park Road St Peters

Night work is taking place on Princes Highway near the intersection of May Street and on Barwon Park Road to investigate utility services under the road surface. Due to the lane closures required to carry out this work, it will be conducted at night when traffic volumes are lower for the safety of workers, motorists, cyclists and pedestrians.

### What we're doing

Night time scanning of the road surface will be carried out with a service locator in two locations near to the Princes Highway and May Street intersection and on the Barwon Park Road southbound footpath on:

- **Monday 20 August 7pm to 5am**
- **Wednesday 22 August 7pm to 5am**
- **Friday 24 August 7pm to 5am (as contingency).**

Please see the map overleaf to better explain the location of this work.

### Traffic changes

- Princes Highway - northbound and southbound lane closures. One lane will remain open in each direction
- Barwon Park Road - narrowing of the southbound slip lane from Princes Highway to Barwon Park Road. Vehicle access will be maintained through the area

Traffic on Princes Highway and Barwon Park Road will be maintained in both directions. Please expect delays and follow the directions of traffic control signage and personnel.

Equipment used during this work will include a service locator, hand tools, light vehicles, lighting towers and traffic control.

This work is expected to generate some noise from increased vehicle movements and traffic control in the area however every effort will be made to minimise noise associated with this work by turning off equipment and vehicles when not in use and directing noise generating equipment away from residential properties where possible.

### When

Mon 20 August 7pm to 5am  
Wed 22 August 7pm to 5am  
Fri 24 August 7pm to 5am

### Where

Princes Highway/May Street intersection and Barwon Park Road
