1 + 2) How works on Campbell Street (east), Crown Street and Unwins Bridge Road affect you

Equipment used during the work will include excavators, vacuum trucks, road saws, construction trucks, hand tools, light vehicles, compaction equipment and traffic control. These works are expected to generate noise. Every effort will be made to minimise noise and light spill associated with these works by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.

The site compounds on May Street and along the southern side of Campbell Street will be used intermittently throughout the work for storage of materials and vehicle parking.
