

Weekend work required at St Peters Interchange

Weekend work is required for ground treatment work to be undertaken on the haul road onsite at the St Peters Interchange.

What we're doing

Ground treatment work is required at the St Peters Interchange to include placement and compaction of sandstone to a height of three metres for the haul road. This work will take place from 8am to 6pm on Saturday 22 September 2018 and Sunday 23 September 2018 (weather permitting).

This work needs to be undertaken outside of standard construction hours for the safety of workers. A map showing the location of the ground treatment work is provided overleaf.

Equipment used will include dump trucks, excavator, roller, watercart and construction vehicles complete the works.

How this affects you

There should be no impact to residents during this work.

If you have a question about this work, please call 1800 660 248 (toll free) and ask to speak to a member of the New M5 community engagement team or email info@newm5.com.au.
