

## Day work and road closure on Brown Street; Night work on Princes Highway, Bedwin Road, May Street and Campbell Street (east) St Peters

Day and night work will be undertaken to carry out various utility work on Brown Street, Princes Highway, Bedwin Road, May Street and Campbell Street (east). Please see the map overleaf for the locations of this work.

### 1) Day work on Brown Street

Day work will take place to install a permanent wooden Ausgrid pole in the eastern footpath and haul power cables through recently installed conduits in the eastern and western footpaths near the intersection of Campbell Street.

- **Monday 24 September 7am to 6pm**
- **Contingency: Tuesday 25 September 7am to 6pm**

### Traffic changes

- Full closure on Brown Street at the intersection of Campbell Street; access to Brown Street via Conway Place only from 7am to 6pm on Monday 24 September. The closure will also be implemented from 7am to 6pm on Tuesday 25 September if the contingency date is required
- Pedestrian access between Brown Street and Campbell Street will be maintained
- Parking restrictions will be in place adjacent to the work area from 9am Saturday 22 September to enable construction vehicles and equipment to access the work area

### 2) Night work on Princes Highway

Night work will be carried out to dig a trench in the eastern footpath on Princes Highway south of Campbell Street to install power and communications conduits underground. Due to the required safety and traffic approvals for lane closures on Princes Highway, this work must take place at night outside of peak volume traffic times.

- **Monday 24 September 7pm to 5am**

This work was originally scheduled to be undertaken on Wednesday 5 September but was postponed due to wet weather conditions. In addition to this rescheduled date, it is anticipated that approximately six additional nights of work will be required to complete utility installation on Princes Highway south of Campbell Street.
