

Night work and traffic changes in St Peters

Night work will take place to asphalt sections of road pavement at the intersection of Princes Highway and Campbell Street, and to install new power and light poles along May Street and Unwins Bridge Road.

1) Asphalt night work at the intersection of Princes Hwy and Campbell St

Three nights of work are required to lay asphalt at the intersection of Princes Highway and Campbell Street. Some of this work was originally scheduled to take place in October but was postponed due to wet weather delays.

- **Monday 12 November and Tuesday 13 November from 8pm to 5am**
Work location: Princes Hwy northbound lanes at the intersection of Campbell St
Traffic changes on Mon 12 Nov and Tues 13 Nov from 8pm to 5am
 - Two-way traffic maintained on Princes Highway under the direction of traffic control
 - Road closure on Campbell Street (west) between Church Street and Princes Highway; local access only on Campbell Street (west) via the May Street and Bedwin Road intersection
 - Road closure on Campbell Street (east) between Princes Highway and Barwon Park Road
 - Road closure on Crown Street at the intersection of Campbell Street; two-way traffic permitted on Crown Street, entry and exit via Barwon Park Road
 - Access into Victoria Street from Princes Highway northbound only; exit from Victoria Street via right turn into Princes Highway southbound only

- **Wednesday 14 November from 8pm to 5am**
Work location: Princes Hwy southbound lanes near the intersection of Campbell Street and Campbell St (east) between Princes Hwy and Crown St

Traffic changes on Wed 14 Nov from 8pm to 5am

- Two-way traffic maintained on Princes Highway under the direction of traffic control
- Left turn only from Campbell Street (west) onto Princes Highway
- Road closure on Campbell Street (east) between Princes Highway and Crown Street
- One-way traffic eastbound on Campbell Street (east) between Crown Street and Barwon Park Road; left turn only from Crown Street onto Campbell Street (east)
- Access between Victoria Street and Princes Highway maintained

BUILDING OUR FUTURE

Constructed by

Parking restrictions will be in place in some areas on Princes Highway between Campbell Street and May Street to facilitate the necessary traffic set up from 7am Monday 12 November

2) Utility installation night work on May Street and Unwins Bridge Road

Night work will be undertaken to install new power and light poles in various locations along May Street and Unwins Bridge Road. Please see map below to better explain the locations of this work.

• Wednesday 14 November from 8pm to 5am

Traffic changes on Wed 14 Nov from 8pm to 5am: A stop/slow traffic set up will be in place at the intersection of Bedwin Road, Campbell Street, May Street and Unwins Bridge Road under the direction of traffic control. Traffic will be maintained in all directions, however please expect delays and follow the directions of traffic control.

How this affects you

Equipment used during these night works includes excavators, vacuum trucks, construction trucks, hand tools, compaction equipment, asphalt paver, roller, light vehicles, lighting towers and traffic control. Asphalt night work is expected to generate high noise; pole installation work is expected to generate some noise from the vacuum trucks. Every effort will be made to minimise noise associated with this work by turning off equipment and vehicles when not in use and directing noise generating equipment away from residential properties where possible.

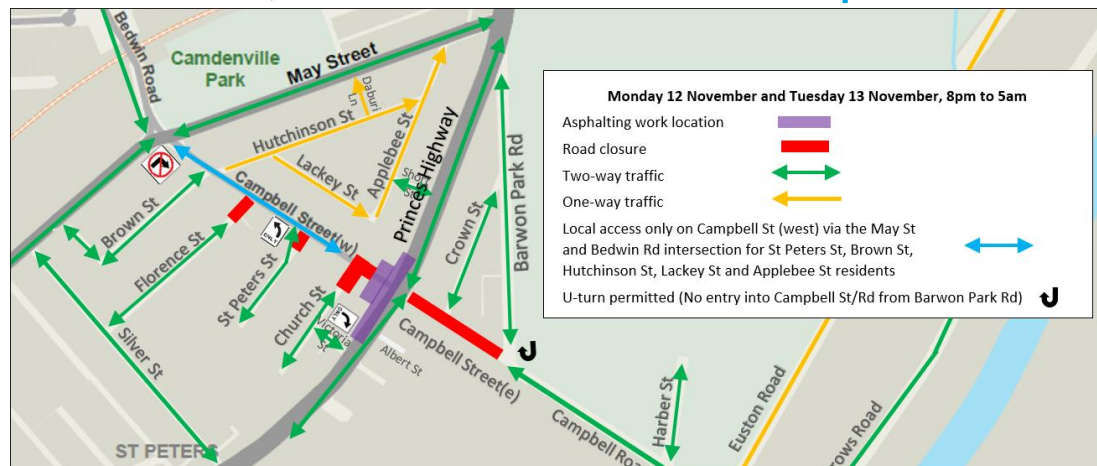

During asphalt night work residents may feel vibration from the compaction and asphalt night work equipment, which may cause items in your home to rattle. Please note vibration monitoring will be carried out and all equipment will operate within approved limits.

Due to the necessary safety and traffic approvals required for lane closures on Princes Highway, May Street and Unwins Bridge, these works must take place at night outside of peak traffic volume times.

Traffic changes in St Peters on Mon 12 Nov, Tues 13 Nov and Wed 14 Nov from 8pm to 5am

Monday 12 November and Tuesday 13 November from 8pm to 5am
