

Night work and traffic changes on May Street and Unwins Bridge Road St Peters from Tuesday 20 November

Utility night work will continue in various locations along May Street and Unwins Bridge Road between Tuesday 20 November and Thursday 29 November.

What we're doing

Utility night work is required in various locations along May Street and Unwins Bridge Road. This work will include conduit installation, cable hauling through newly installed conduits, pillar installation and completing power pole installation.

Please see the map overleaf to better explain the locations of this work.

Traffic changes

A stop/slow traffic set up will be in place at the intersection of Bedwin Road, Campbell Street, May Street and Unwins Bridge Road under the direction of traffic control. All existing turning movements will be maintained, however please expect delays and follow the directions of traffic control personnel.

Parking restrictions will be in place around the work area on the western side of May Street from 7am on Tuesday 20 November to 5am on Wednesday 21 November and from 7am on Thursday 22 November to 5am on Friday 23 November.

Due to the necessary safety and traffic approvals required for lane closures on Unwins Bridge Road, Bedwin Road and May Street this work must take place at night outside of peak volume times.

How this affects you

Equipment used during these works will include excavators, vacuum trucks, elevated work platform, crane borer, cut saw, light towers, rock breaker, construction trucks, hand tools, light vehicles, compaction equipment and traffic control.

These works are expected to generate high noise. Every effort will be made to minimise noise and light spill associated with this work by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.
