

Night work and traffic changes on Princes Highway, Unwins Bridge Road and May Street St Peters

Utility night work will continue in various locations on Princes Highway near the intersection of Campbell Street on Monday 3 December, and on Unwins Bridge Road and May Street on Tuesday 4 December.

What we're doing

Night work is required to transfer overhead power cables from existing power poles to newly installed power poles in various locations on Princes Highway, Unwins Bridge Road and May Street. Work on Unwins Bridge Road and May Street will also include conduit installation and cable hauling. Please see map overleaf to better explain the locations of this work.

Due to the necessary safety and traffic approvals required for lane closures on Princes Highway, Unwins Bridge Road and May Street this work must take place at night outside of peak volume times.

1) Princes Highway near the intersection of Campbell Street

- Monday 3 December from 7pm to 5am

Traffic changes on Monday 3 December from 7pm to 5am:

Lane closure will be in place on two of three southbound lanes on Princes Highway near the intersection of Campbell Street; two-way traffic will be maintained on Princes Highway at all times.

2) Unwins Bridge Road and May Street

- Tuesday 4 December from 7pm to 5am

Traffic changes on Tuesday 4 December from 7pm to 5am:

A stop/slow traffic set up will be in place at the intersection of Bedwin Road, Campbell Street, May Street and Unwins Bridge Road under the direction of traffic control. All existing turning movements will be maintained, however please expect delays and follow the directions of traffic control personnel.

BUILDING OUR FUTURE

Constructed by

Parking restrictions will be in place around the work areas on Princes Highway from 7am on Monday 3 December, and on Unwins Bridge Road and May Street from 7am on Tuesday 4 December for the duration of the work.

How this affects you

Equipment used during these works will include elevated work platforms, construction trucks, hand tools, vacuum trucks, cable hauling equipment, lighting towers and traffic control.

This work is expected to generate some noise. Every effort will be made to minimise noise and light spill associated with this work by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.

The site compounds on May street and along the southern side of Campbell Street will be used intermittently throughout the work for storage of materials and vehicle parking.
