

Night work and road closure on Campbell Street (east) and Campbell Road on Friday 8 February

A road closure will be in place on Campbell Street (east) and Campbell Road to shift traffic from the northern side to the southern side of Campbell Road. Due to safety and traffic, this work must take place at night outside of peak volume times.

What we're doing

Night work will take place on **Friday 8 February from 8pm to 6am** to shift traffic onto a new section of road along the southern side of Campbell Road from Harber Street to Burrows Road. We will relocate concrete barriers, install new signage, remove existing line marking, place new line marking and asphalt a section of road to tie in the existing road surface with the new road surface. Work will also be undertaken to install a refuge island on Campbell Road near the Burrows Road intersection.

Shifting traffic onto the southern side of Campbell Road will allow for construction work to progress along the northern side of Campbell Road.

Please be aware of changed traffic conditions on Campbell Road from 6am Saturday 9 February and use extra caution.

Traffic changes on Friday 8 February from 8pm to 6am

- Eastbound lane closure on Campbell Street (east) between Princes Highway and Crown Street; no access into Campbell Street (east) from Campbell Street (west)
- Road closure on Campbell Road between Harber Street and Burrows Road
- Right turn only out of Crown Street at the intersection of Campbell Street (Campbell Road residents excepted)
- Local access for Campbell Road residents via Princes Highway, Barwon Park Road, Crown Street and Campbell Street (east); exit via Campbell Street (east) to Campbell Street (west) or Princes Highway southbound
- Road closure on Euston Road between Sydney Park Road and Campbell Road. Local Euston Road business access permitted under traffic control

BUILDING OUR FUTURE

Constructed by

Please note: a road closure is in place on Barwon Park Road at the intersection of Campbell Street/Road for approximately another ten weeks. Access to Barwon Park Road will be via Princes Highway only during this time.

How this affects you

Equipment used during the night work shift on Friday 8 February from 8pm to 6am will include a mobile crane, line marking equipment, light vehicles, construction vehicles, asphaltting machine, compaction equipment, lighting towers and traffic control.

This work is expected to generate some noise. Every effort will be made to minimise noise and light spill associated by this work by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.

During asphaltting work nearby residents may feel vibration from the compaction and asphaltting equipment, this may cause items in your home to rattle. All equipment will operate within approved limits.
