Rescheduled work: Day/night work and long-term traffic changes at the intersection of May Street, Campbell Street, Unwins Bridge Road and Bedwin Road, St Peters

Work to realign traffic at the above intersection and improve safety for pedestrians and motorists is progressing. A new temporary long term traffic lane configuration will be put in place following day and night work shifts from 7pm on Friday 1 February to 6pm on Sunday 3 February (inclusive) to continue construction work at this intersection. This work was originally scheduled to take place from Thursday 17 January to Saturday 19 January and was postponed.

In conjunction with the implementation of this traffic lane configuration, work will also be undertaken to install drainage pipes across the full width of May Street and to commission a new Ausgrid power connection on Unwins Bridge Road and Hutchinson Street.

Please refer to page 2 and 3 of this notification for the traffic changes in place during the day and night work shifts from 7pm on Friday 1 February to 6pm on Sunday 3 February, including temporary road closures on Campbell Street and May Street.

Please refer to page 4 of this notification for further details about the new temporary long term traffic lane configuration in place at the intersection from 6pm on Sunday 3 February.

What we're doing
Day and night work will take place from 7pm on Friday 1 February to 6pm on Sunday 3 February (inclusive) to implement a new traffic lane configuration at the May Street, Campbell Street, Unwins Bridge Road and Bedwin Road intersection. This work will involve installing and relocating concrete barriers, installing new signage, removing line marking and placing new line marking.
On the same dates, from 7pm on Friday 1 February to 6pm on Sunday 3 February, work will be undertaken to install underground drainage pipes across the full width of May Street around 90 metres north of the above intersection, and to commission a new power service in the western footpath on Unwins Bridge Road near the Bedwin Road intersection.

On Sunday 3 February from 8am to 6pm, work will also take place to commission a new Ausgrid power connection on Hutchinson Street near the Campbell Street intersection. Traffic into Hutchinson Street from Campbell Street will not be affected by this work.

Traffic changes
Day and night time traffic changes from 7pm on Friday 1 February to 6pm on Sunday 3 February unless completed earlier
- Road closure on Campbell Street (west) at the intersection of Unwins Bridge Road, Bedwin Road and May Street; no vehicle access between Campbell Street (west) and Unwins Bridge Road, Bedwin Road and May Street
- No through traffic from Princes Highway to the May Street, Unwins Bridge Road and Bedwin Road intersection
- Eastbound lane closure on Campbell Street between Brown Street and Princes Highway
- Local traffic only permitted into Campbell Street (west) from Princes Highway northbound. Alternate access to Campbell Street via Victoria Street and Church Street from Princes Highway northbound
- Stop/slow traffic set up on May Street from the Campbell Street, Bedwin Road and Unwins Bridge Road intersection to Princes Highway. Vehicle movements will be maintained in both directions on May Street, however please expect delays
- Pedestrian access maintained on all local roads under the direction of traffic control
- Please follow advice from signs and traffic controllers, drive with care and allow extra travel time

Additional nighttime traffic changes on Friday 1 February from 7pm to 6am and Saturday 2 February from 7pm to 6am
- Stop/slow traffic set up at the intersection of May Street, Campbell Street, Unwins Bridge Road and Bedwin Road under the direction of traffic control. Please expect delays
- Saturday 2 February from 11pm to 6am only: Road closure on May Street between Bedwin Road and Princes Highway. Please follow traffic control signage for detour. Local access will be provided for May Street residents from Princes Highway northbound, no right turn into May Street from Princes Highway southbound from 11pm to 6am

Due to the necessary safety and traffic approvals required for lane closures at the intersection, some of the work must take place at night outside of peak volume times.

Traffic control signage and personnel will assist motorists and pedestrians through the changed traffic conditions. Please see the maps below and on page 3 with these temporary traffic changes.

How this affects you
Equipment used during the work will include excavators, cranes, road saw, vacuum truck, compaction equipment, line marking removal truck, line marking truck, concrete trucks, construction trucks, hand tools, light vehicles, lighting towers and traffic control.

The work is expected to generate noise however every effort will be made to minimise noise by turning off equipment when not in use and directing noise generating equipment away from residential properties where possible.

The site compound on May Street and along Campbell Street will be used throughout the work for storage of materials and vehicle parking.

Parking restrictions
Temporary long term parking restrictions will be in place along the eastern and western sides of Unwins Bridge Road for around 150 metres from the Campbell Street and Bedwin Road intersections from 7pm on Thursday 31 January to late 2019.

Temporary parking restrictions will also be in place around the work area on May Street from 7pm on Thursday 31 January to 6pm on Sunday 3 February.
Traffic changes from 7pm on Friday 1 February to 6pm on Sunday 3 February (inclusive)

Day and nighttime traffic changes from 7pm on Friday 1 February to 6pm on Sunday 3 February (inclusive)

A stop/slow traffic set up will be in place on May Street between Bedwin Rd and Princes Hwy – please expect delays and follow the direction of traffic control signage and personnel.

Day and night-time traffic changes from 7pm on Friday 1 February to 6pm on Sunday 3 February (inclusive)

- Two-way traffic
- One-way traffic
- Road closure
- Local access westbound
- Local access permitted into Campbell St (west) for residents and businesses from Princes Hwy northbound. Alternate access to Campbell St (west) via Victoria St and Church St from Princes Hwy northbound.

Additional night-time traffic changes on Friday 1 February from 7pm to 6am and Saturday 2 February from 7pm to 6am

Additional night-time traffic changes on Friday 1 February from 7pm to 6am and Saturday 2 February from 7pm to 6am

- Two-way traffic
- One-way traffic
- Road closure
- Local access westbound
- Local access permitted into Campbell St (west) for residents and businesses from Princes Hwy northbound. Alternate access to Campbell St (west) via Victoria St and Church St from Princes Hwy northbound.

Local access point on May Street on Saturday 2 February from 11pm to 6am only. Local access permitted into May Street for residents and businesses from Princes Highway northbound only (no right turn into May Street from Princes Highway southbound from 11pm to 6am).
New temporary long term traffic configuration at the intersection of May Street, Campbell Street, Unwins Bridge Road and Bedwin Road from Sunday 3 February

Following the day and night work shifts to implement the new traffic lane configuration, the below traffic changes will be in place at the intersection of May Street, Campbell Street, Unwins Bridge Road and Bedwin Road from 6pm on Sunday 3 February unless completed earlier. Heavy traffic is expected while motorists adjust to the new arrangements, plan ahead and allow extra travel time.

- Campbell Street will be reduced to one westbound traffic lane only between Brown Street and May Street. Eastbound traffic will not be permitted on Campbell Street between Brown Street and May Street. This will remain in place for approximately six months
- No entry into Campbell Street from May Street, Bedwin Road and Unwins Bridge Road. Use May Street or Unwins Bridge for access to the Princes Highway
- Unwins Bridge Road will be reduced to one lane in each direction near the intersection. Some temporary on-street parking removal is required on Unwins Bridge Road
- May Street will remain one lane in each direction near the intersection
- Bedwin Road will remain one lane in each direction with a right turning lane from Bedwin Road into Unwins Bridge Road at the intersection
- Left turn from Princes Highway northbound into Campbell Street will remain in place for vehicles under 6 metres
- Access to properties will be maintained at all times

The new traffic lane configuration will allow for road upgrade work to progress in new areas around the intersection. Work activities along the eastern side of Unwins Bridge Road will include utility service installation, drainage installation, driveway and footpath reconstruction; work activities on the corner of May Street and Campbell Street will include utility service installation, drainage installation, road pavement construction and shared cycleway/footpath construction.
