

Nightwork at M5 East, Arncliffe

Night work is required during the M5 East shutdown at the on and off ramps at Princes Highway and Marsh Street to progress construction of the New M5.

What we're doing

Activities for the March shutdown will include:

- Gantry work including footing excavation and concrete work at Marsh St
- Gantry delivery and installation
- Gantry electrical work and alignment
- Installation of temporary signage
- Removal of noise wall panel
- Tree removal at Princes Highway and Marsh Street
- Service investigation
- Edge protect and footpath construction
- Road sweeping
- Demolition of concrete barrier

This work will be carried out over four nights during the existing M5 East maintenance shutdown period from Sunday 17 March to Wednesday 20 March 2019 (weather permitting). These works will be undertaken outside of normal construction hours for the safety of workers and motorists.

Equipment used will include excavators with rock breaker, hydro blaster, concrete cutters, truck mounted coring machine, cranes, elevated work platforms, vacuum trucks, road sweepers, concrete agitators, concrete pump, lighting towers, electric hand tools, chainsaws, wood chipper and compressors as well as other construction vehicles.

How this affects you

Some of this work will be noisy, however noise monitoring will be conducted for all activities during these works. Any dust generating activities will be watered down to minimise dust. Traffic control and signage will be in place to assist road users through these changed traffic conditions.

When

Sunday 17 March to
Wednesday 20 March 2019
(weather permitting)

Hours of operation

Work will be undertaken
between 10pm to 4am

Where

M5 East near the on and off
ramps at Princes Highway
and Marsh Street Arncliffe
