

Day work adjacent to the shared user path between Arinya Street and Lundy Avenue Kingsgrove

Work will take place adjacent to the shared user path between Arinya Street and Lundy Avenue at Kingsgrove.

What we're doing

Work will be carried out during standard construction hours from 16 May to 30 June 2019; this work is required to complete electrical work relating to the new gantries installed as part of the New M5 Project.

Site establishment will take place on 16 May and remain in place until 30 June 2019. The new compound will be located adjacent to the shared user path Arinya Street and Lundy Avenue Kingsgrove.

An exclusion zone will be set-up to ensure pedestrian safety around the work area. During this work the shared user path will be narrowed and traffic control will be in place when required to assist pedestrians and cyclists during construction vehicle movements.

Equipment used on site will include:

- Vacuum truck
- Water cart
- Hand tools
- Electrical tools
- Construction vehicles
- Excavators

Some of this work will be noisy and noise modelling has been conducted for this work. We appreciate your patience as we complete these works.

A map showing the location of the work is provided overleaf.

When

Thursday 16 May to Thursday 30 June 2019 (weather permitting)

Hours of operation

7am - 6pm Monday to Friday

Where

The shared user path between Arinya Street and Lundy Avenue Kingsgrove
