

Night work on Albert Street; day-time road closure and traffic changes on Campbell Street (west) and Church Street, St Peters

On **Wednesday 25 July**, night work will be undertaken to install power and communications conduits on Albert Street. On **Friday 27 July**, a road closure and traffic changes are required during day-time hours on Campbell Street (west) and Church Street to facilitate utility work in this area.

Wednesday 25 July, 7pm to 5am - Albert Street

Night work will be undertaken to dig a trench on Albert Street to install power and communications conduits underground.

Traffic control will allow vehicle access on Albert Street.

Equipment used during this work will include excavators, road saw, construction trucks, compaction equipment, hand tools, light vehicles, lighting towers and traffic control.

This work is expected to generate noise. Every effort will be made to minimise noise associated with this work by turning off equipment and vehicles when not in use, and directing noise generating equipment away from residential properties where possible.

Friday 27 July, 7am to 6pm - Campbell Street (west) and Church Street

Day work will be carried out to haul power cables through recently installed conduits located underground along Campbell Street and Church Street (see map overleaf).

Equipment used during this work will include excavators, construction trucks, vac truck, hand tools, light vehicles and traffic control.

Traffic changes on Friday 27 July, 7am to 6pm:

- Westbound lane closure on Campbell Street (west) between Princes Highway and St Peters Street (eastbound traffic on Campbell Street (west) will be maintained for the duration of the work)
- No access into Campbell Street (west) from Campbell Street (east) or from Princes Highway
- Full closure on Church Street at the intersection of Campbell Street - no vehicle and pedestrian access between Church Street and Campbell Street for the duration of the road closure (access to Church Street via Victoria Street only)
