Night works on M5 East Motorway near Penshurst Road Bridge, Narwee

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange and a new interchange at St Peters. Visit westconnex.com.au/NewM5 for more information.

Night works are being carried out on the M5 East motorway near Penshurst Road bridge as part of ongoing construction.

From **Monday, 17 October** work will commence to replace the Penshurst Road bridge expansion joints on the Westbound side of the motorway. A map showing the location of the night works is provided overleaf. The expansion joint safely absorbs the heat induced expansion and contraction of the bridge material. The removal of the existing joint will require some jack hammering and saw cutting of the pavement.

This work will take approximately three weeks to complete. To ensure the safety of motorists and workers, this work will be carried out **between 9.00 pm and 5.00 am**, weather permitting.

Work will take place up to six nights a week. Noisy work will occur on a maximum of two consecutive nights. Noise will be monitored and every effort will be made to minimise the impact of work.

If you would like further information or have any specific concerns once the work commences, please call toll free 1800 660 248 and ask for Helen Barr or email KGRIUcommunity@fultonhogan.com.au.

Notification No. 017

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
