

## Night work and traffic changes on Gardeners Road between Kent Road and O'Riordan Street, Mascot

The current westbound lane closure on Gardeners Road between Kent Road and the Bourke Street intersection will be re-opened. This work area will be relocated to the eastbound traffic lane to allow utility and pavement construction work on the northern side of Gardeners Road.

### What we're doing

The work area will be relocated from the southern side of Gardeners Road between Kent Road and the Bourke Street intersection to the northern side.

A new work area will be established on the northern side of Gardeners Road, for 200 metres from the Bourke Street intersection towards O'Riordan Street. Two night work shifts will be carried out to realign traffic:

- **Thursday 6 December, from 7pm to 5am**
- **Friday 7 December, from 7pm to 5am**

The footpath on the southern side of Gardeners Road is scheduled to be re-opened from 5am on Saturday 8 December. Pedestrian access will also be maintained on the northern side of Gardeners Road.

This work must take place at night outside of peak volume times due to the necessary safety and traffic approvals required.

### Traffic changes from Saturday 8 December

Following these two night work shifts, the work area will be relocated from the southern side of Gardeners Road to the northern side and traffic alignment will shift to the southern lanes. One lane will remain open for traffic travelling eastbound and two lanes for traffic travelling westbound on Gardeners Road in this area. Maps detailing these changes are overleaf.

The current fenced construction work areas will be relocated to the northern side of Gardeners Road. Vehicle and pedestrian access to businesses on the northern side of Gardeners Road will be maintained.

### When

Thurs 6 Dec, 7pm to 5am  
Fri 7 Dec, 7pm to 5am

### Where

Gardeners Road, between Kent Road and the Bourke Street intersection

Road alignment will be changed from 5am on Sat 8 Dec

## How this affects you

Night work shifts on Thursday 6 December and Friday 7 December will involve moving concrete barriers and fencing, removing existing line marking, completing new line marking, relocating traffic lights, installing light poles and installing new signage.

Equipment used during this night work will include cranes, line marking equipment, line marking removal equipment, hand tools, construction trucks, light vehicles, light towers and traffic control. This night work is expected to generate intrusive noise. Every effort will be made to minimise noise and light spill associated with this work by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.

## Traffic closures during night work Thursday 6 December and Friday 7 December, 7pm to 5am

## Traffic changes and new work areas on Gardeners Road from 5am on Saturday 8 December
