

2 March 2017

Update: Night works on King Georges Road, Beverly Hills

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange and a new interchange at St Peters. Visit westconnex.com.au/NewM5 for more information.

As part of the King Georges Road Interchange project, drainage excavation has started on both the north and south bound carriageways of King Georges Road near the M5 Motorway, just north of the M5 Motorway interchange. A map showing the work area is provided overleaf.

Due to bad weather, drainage work will take an additional 2 weeks to complete. Work will recommence on **Monday 6 March 2017**, on both north and south bound carriageways of King Georges Road. There will be no work on Friday night, Saturday night or public holidays.

The work will include asphaltting and line marking. Noise will be monitored and every effort will be made to minimise the impact of work.

To ensure the safety of motorists and workers, work will occur **between 9.00 pm and 5.00 am**. Traffic control and signage will be in place to assist road users, pedestrians and cyclists.

If you would like further information or have any specific concerns once the work commences, please call toll free **1800 660 248** (24 hours a day) and ask to speak to the King Georges Road Interchange Upgrade Community Engagement Manager.
