

## Night work and traffic changes on Bedwin Road, St Peters

Work is ongoing to install and upgrade utilities along Campbell Street and surrounding streets. Some of this work will be conducted at night when traffic volumes are lower for the safety of workers, motorists, cyclists and pedestrians.

### What we're doing

#### Thursday 26 April, 8.30pm to 6am

- Bedwin Road concrete barrier installation and relocation.  
The concrete barriers currently in place on the northern side of Bedwin Road, along the footpath area adjacent to Camdenville Park, will be relocated and additional barriers will be placed in one of the two existing eastbound traffic lanes. Eastbound traffic on Bedwin Road between Edgeware Road and the May Street and intersection will be reduced to one lane for approximately 180 meters. The concrete barriers will remain in place throughout construction while work is carried out in stages to realign and upgrade the Campbell Street, Unwins Bridge Road, Bedwin Road and May Street traffic intersection.
- The concrete median in the centre of Bedwin Road will be removed during this night work shift.
- Current road line marking will be removed and new line marking will be carried out to reflect the changed traffic conditions.
- Asphaltting sections of the road pavement.

Please see the map overleaf to better explain the location of this work.

### Traffic changes

#### Thursday 26 April, 8.30pm to 6am

Traffic on Bedwin Road between Edgeware Road and the Unwins Bridge Road, Campbell Street and May Street intersection will be reduced to one lane with traffic control under a stop / slow traffic set up. Traffic will be maintained in both directions, however please expect delays.

Equipment used during the work will include a mobile crane, line marking removal truck, line marking truck, excavators, compactors, rollers, road saw, jackhammer, asphalt paver, construction trucks, hand tools, light vehicles and lighting towers.

### When

#### Night work:

Thurs 26 April, 8:30pm to 6am  
(weather permitting)

If work is completed pre 6am the traffic changes will be removed.

Please obey road signage if traffic control personnel are not in place during these work hours due to unforeseen delay in start time or early finish time.

Notification No.397

Constructed by

Traffic control will be in place to assist road users during this work.

The site compounds on May Street and along the southern side of Campbell Street will be used intermittently throughout the night work for storage of materials and vehicle parking.

Every effort will be made to minimise noise and light spill associated with this work by

- turning off equipment and vehicles when not in use
- using non-tonal reversing beepers on all machinery during night work
- directing noise generating equipment and lights away from residential properties where possible.
