

8 September 2017

Road closure on Campbell Street, St Peters

Work is required to install Sydney Water service at the intersection of Campbell Street and Crown Street. There will be a water service outage during the work for approximately 2 hours to the impacted properties. The utilities team will knock on the property door to provide notice prior to the outage.

Timing of work

The work will occur on **Thursday 14 September** and **Friday 15 September**, weather permitting. Work will be conducted between **10am to 3pm** to minimise disruption to traffic.

Site arrangement

The construction site will be established and will require a **temporary eastbound lane closure** on Campbell Street between Princes Highway and Barwon Park Road. This means you will not be able to access Campbell Street/Campbell Road via Princess Highway. Residents should enter via Barwon Park Road. Traffic control and bollards will be installed to separate and protect the work area. A detour map is provided overleaf.

On **Thursday 14 September** and **Friday 15 September** traffic control will be located on the intersection of Campbell Street and Crown Street from **10am to 3pm** to assist local residents and road users.

Scope of work

The work includes vacuum excavation, waterline installation and property connection, backfill and concrete /asphalt reinstatement. The work will take place on Campbell Street and will be contained within an established construction site. Please see image overleaf for the location and arrangement of the work site.

Minimising community impact

Every effort will be made to minimise the impact of the construction activity on residents by:

- Turning off equipment and vehicles when not in use
- Using non-tonal reversing beepers on all machinery
- Having traffic control assist vehicles and pedestrians across around the site
- Regular updates provided to resident body to provide progress of work and obtain feedback
- Directing noise generating equipment away from residential properties where possible.

Traffic control, signage and reduced speed limits will be in place to assist local residents and road users to navigate through the changes. Access to streets and properties adjoining Campbell Road will be maintained.

For more information about the changed traffic conditions during this work, please **visit westconnex.com.au/NewM5**. If you have a question about this work, please **call 1800 660 248** and ask to speak to a member of the New M5 community engagement team or **email info@newm5.com.au**. The Community Information Centre is open during business hours at 27 Burrows Road, St Peters.
