

Night work and traffic changes on Campbell Street (west) and Princes Highway, St Peters

Work will be carried out to install utility conduits, utility cables and complete finishing work on existing manholes near the intersection of Campbell Street (west) and Princes Highway.

Work will be conducted at night when traffic volumes are lower for the safety for workers, motorists, cyclists and pedestrians.

Timing and scope of work

Friday 16 February 7pm to 5am

(Wednesday 21 February 7pm to 5am as contingency)

- Northern side of Campbell Street between Church Street and Princes Highway -
Trenching work will be carried out to install Telstra conduits. This work will involve the use of a concrete saw cutter and vac truck
- Western verge of Princes Highway -
Installing utility cables in existing utility conduits
- Western verge of Prince Highway -
Finishing work on existing manholes

Traffic changes

During this work:

- A road closure will be in place on Campbell Street between Church Street and Princes Highway
- No access between Campbell Street (west) and Princes Highway
- No right turn from Church Street to Campbell Street
- Access to Princes Highway from Campbell Street via Church Street and Victoria Street
- One northbound lane on Princes Highway will be closed around the work area.
- Two way traffic on Princes Highway will be maintained

Traffic control be in place on surrounding streets to advise to the traffic changes. Please allow for delays while this night work is being carried out.

Equipment used during night work will include an excavator, concrete saw cutter, trucks, light vehicles, lighting tower and hand tools.

Minimising community impact

The work is expected to create some noise impacts to nearby residents. Every effort will be made to minimise noise and light spill associated with this work by:

- turning off equipment and vehicles when not in use
- using non-tonal reversing beepers on all machinery during night work
- directing noise generating equipment and lights away from residential properties where possible

Traffic control will be in place to manage road users through the changes.
