

13 February 2017

Update – Road closure on Campbell Street, St Peters as part of power adjustment work

Further to our previous notifications, power adjustment work is being carried out to accommodate the widening of Campbell Street and Campbell Road. This work includes progressively installing new underground power cables and removing existing overhead power lines and poles.

Traffic changes

The work will involve some temporary changes to traffic conditions for the safety of road users, pedestrians, cyclists and workers. This includes reduced speed limits, footpath closures and detours, short term closure of on-street parking, lane closures and stop-go arrangements. Traffic control and signage will continue to be in place to assist road users, pedestrians and cyclists.

Campbell Street will be closed in both directions between Unwins Bridge Road and Barwon Park Road on Saturday 18 February between 7am and 6pm (extended construction hours). Access to local roads will be maintained from the eastbound direction during the closure. Detour maps are available at westconnex.com.au. A map showing the work areas and road closure is provided overleaf.

Access to properties directly adjacent the work areas may be limited for short periods as the cable installation work moves along the route. You will be notified before any access changes occur at your property.

The power adjustment work includes:

- identifying existing underground utility services
- excavating the road, footpath and verge
- installing and connecting power cables
- backfilling and reinstating the road, footpath and verge
- removing existing overhead power lines and poles.

Equipment being used includes vacuum trucks, excavators, trucks, concrete saws, jackhammers, plate compactors and cherry pickers.

Timing and work hours

Power adjustment work will continue until **late March 2017**. Our working hours are generally between **7am and 6pm, Monday to Friday** and **8am and 1pm on Saturdays**. There will be no works on Sundays or public holidays.

Extended work hours are required on **Saturday 25 February** between **7am and 6pm** as part of the power adjustment work.

We notified recently that intermittent night work will be carried out until late February to facilitate the power adjustments and property clearing. We will notify residents in advance if further night work is required.

If you have any questions or complaints about this work, please call toll free 1800 660 248 and ask to speak to a member of the new M5 community engagement team or email info@newm5.com.au.
