

Work in your area - Bexley North

Work in your area will be undertaken for four weeks from the week beginning **13 June 2018**

What we're doing

Delivery and Removal of Equipment

A Piling Rig will be delivered to the Bexley Road compound on **13 June** with work commencing from **14 June for 3 weeks** to enable work on the Motorway Operations Complex to begin.

The Piling Rig will be demobilised after hours on **6 July 2018** (weather permitting).

Other work in the Bexley Road compound

Night work on **15 June** will include the installation of concrete barriers and hoarding, installation of signs, line marking on Bexley Road and the installation of tiger tails on overhead wires.

How this affects you

During the Piling Rig delivery and all other work an exclusion zone will be established to ensure pedestrian and traffic safety. Traffic control and signage will be in place to assist pedestrians and road users through these changed traffic conditions

Some of this work will be noisy. Noise modelling has been conducted for work undertaken outside of standard construction hours.

Some work will be undertaken outside of normal construction hours for the safety of workers and motorists. A map showing the location of the work is provided overleaf.

For the works outside of standard construction hours, we may use: lighting towers; road sweeper; cranes; power tools; hand tools; and construction vehicles. If there is wet weather or other delays, works may continue into the following week, but will not be conducted on more than 3 consecutive nights.

When

Wednesday 13 June (weather permitting)

Hours of operation

Piling Rig
1am - 5am Wednesday 13 June
Other work
7pm - 5am Monday to Friday
