

Night work on Bedwin Road and road closure on Campbell Street (west), St Peters

Night work will be carried out on Bedwin Road to remove existing electricity overhead wires. Day work will be carried out on Campbell Street (west) to install electrical conduits under the road surface.

Traffic changes will be in place during this work.

Night work will be undertaken to decommission and remove overhead power lines in the footpath on Bedwin Road near the intersection of Unwins Bridge Road, Campbell Street and May Street (see map overleaf).

The site compounds on May Street and along the southern side of Campbell Street will be used intermittently throughout the work for storage of materials and vehicle parking.

This work is expected to generate some noise. Every effort will be made to minimise noise associated with this work by turning off equipment and vehicles when not in use and directing noise and light generating equipment away from residential properties where possible.

Equipment used during the work will include an elevated work platform, construction trucks, hand tools, light vehicles, lighting towers and traffic control.
