

Piling Work to Construct the New M5 Motorway Operations Complex at Marsh Street, Arncliffe

The New M5 Motorway Operations Complex for Arncliffe is scheduled to be constructed at Marsh Street, Arncliffe as part of the New M5 project. To enable the works, pre-cast piles need to be installed to form the foundation of the Motorways Operation Complex.

What we're doing

Piling within the Marsh Street compound to build the Motorway Operations Complex is expected to commence from **21 May to 30 June 2018**, weather permitting. (Please see map overleaf). Some works may take place outside of hours of operation.

How this affects you

Nearby residents will likely experience vibration and noise generated by piling works. Piling is a common technique used in urban areas. There is no immediate cause for concern if you feel vibration in your property.

The following measures will be in place to reduce the impact on nearby residents:

- Ongoing vibration and noise monitoring to ensure levels are within allowed limits
- Scheduling regular breaks during noisier piling works
- Programming the work to be completed at each location as soon as possible
- Regular watering to manage the release of any dust.

We understand the inconvenience this activity may cause surrounding residents and thank you for your patience whilst we carry out this work.

If you have a question about this work, please call 1800 660 248 and ask to speak to a member of the New M5 community engagement team or email info@newm5.com.au.

When

21 May to 30 June 2018

Hours of operation

Monday to Friday - 7am to 6pm
Saturday - 8am to 1pm
