

**31 August 2016**

## **Night works update – Bexley Road, Kingsgrove**

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange and a new interchange at St Peters. For more information, visit [westconnex.com.au/NewM5](http://westconnex.com.au/NewM5).

From **Monday 5 September 2016** weather permitting, night works will be carried out along Bexley Road to facilitate site establishment works and site access. This work will be undertaken intermittently over a two week period. A map showing the locations of the sites is provided overleaf.

### **Work hours**

For the safety of motorists, pedestrians and our workers, the work will be undertaken between **6.00 pm and 7.00 am from Monday to Saturday**. No work will be carried out on Sunday or public holidays.

### **Work activities**

The work will involve:

- Connecting utility services to the Bexley south construction site.
- Constructing site access to the Bexley north construction site.

Equipment used during this work will include excavators, drill, vacuum trucks, road saws, lighting towers, generators, compressors, temporary fencing, and pumps. Every effort will be made to keep noise to a minimum including completing noisy works early in the night, where possible.

Changed traffic conditions, including reduced speed limits, lane closures and footpath detours along Bexley Road, will be in place during this work. Traffic control and signage will be in place to assist road users, pedestrians and cyclists through the changed conditions.

If you have an enquiry or complaint about this work, please call toll free 1800 660 248 (24 hours) and ask to speak to a member of the New M5 community engagement team.

### **ABOUT WESTCONNEX**

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.

Notification No: 133
