

**31 August 2016**

## Night works for pavement testing – Mascot

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange and a new interchange at St Peters. Visit [westconnex.com.au/NewM5](http://westconnex.com.au/NewM5) for more information.

To inform detailed design, the existing road pavement will be tested progressively at the following locations:

- Bourke Road
- Bourke Street
- Gardeners Road
- Kent Road

A map showing the work locations is provided overleaf.

Pavement testing will commence on **Monday, 5 September** and will be carried out between **7.00 pm and 5.00 am Monday to Saturday** and take **four weeks** to complete, weather permitting. There will be no work on Sunday or public holidays.

**Work activities** will involve:

- using testing vehicles to record the existing road condition
- collecting samples of road pavement for testing
- identifying utility services by excavating a small hole using high pressure water from a vacuum truck
- restoring work sites to their previous condition after the work is completed.

Equipment used during the work will include concrete cutting saws, a compactor, hand tools, light vehicles, a vacuum truck and a small truck.

## Traffic and parking changes

There will be some temporary traffic changes for the safety of road users, pedestrians, cyclists and workers. Traffic control and signage will be in place to assist road users, pedestrians and cyclists. Property access will be maintained throughout the work. There will also be some parking restrictions near the work area during testing.

## For more information

If you have any questions or complaints about this work, please call **1800 660 248** (24 hours) and ask to speak to a member of the New M5 community engagement team.

## ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
