

17 August 2016

Underground utility investigations – Campbell Street and May Street reserve, St Peters

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange and a new interchange at St Peters. Visit westconnex.com.au/NewM5 for more information.

To inform the detailed design process for the New M5 project, investigation work is underway in your area to locate existing underground utility services.

From **Monday 22 August 2016**, work to locate underground utility services will be carried out along **Campbell Street between Unwins Bridge Road/May Street and Princes Highway and at May Street reserve**. A map showing the work location is provided overleaf.

Work will generally occur between **7.00 am and 6.00 pm from Monday to Friday and 8.00 am and 1.00 pm on Saturday**. Investigation work is expected to be ongoing at this location until late October, weather permitting. Some work may be done outside of these hours to minimise impacts to traffic and ensure the safety of workers and road users. You will be notified if out of hours work is undertaken near your property.

The work will involve:

- Scanning, surveying and monitoring roadways, reserves and footpaths
- Identifying utility services using high pressure water from a vacuum truck
- Inspecting and cleaning utility pits and pipes
- Setting up a safe work area and traffic management

All worksites will be restored to their previous condition after the work is completed.

The work will involve some temporary changes to traffic conditions for the safety of road users, pedestrians, cyclists and workers, including:

- Reduced speed limit
- Lane closures
- Footpath diversions
- Stop/go arrangements

Traffic control and signage will be in place to assist road users, pedestrians and cyclists. Property access will be maintained throughout the work.

If you have any questions or complaints about this work, please call toll free 1800 660 248 (24 hours) and ask to speak to a member of the New M5 community engagement team.

Notification No. 112

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
