

30 August 2016

Underground power cable installation - temporary road closure on Silver Street, St Peters

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange and a new interchange at St Peters. For more information, visit westconnex.com.au/NewM5.

Further to our notification on 20 July 2016, work is underway to install underground power cables to the New M5 construction site at the corner of Canal Road and the Princes Highway, St Peters.

To safely undertake this work, Silver Street will be closed between Unwins Bridge Road and Florence Street from **Monday 5 September** for up to two weeks, weather permitting.

Driveway access and on-street parking for residents will be maintained. Pedestrian access along Silver Street will also be maintained. A map showing the location of the closure and detour route is provided overleaf.

If you are travelling through the area, please allow extra time for your journey.

Traffic control and signage is in place to complete the cabling work. We encourage you to be mindful of the temporary traffic changes and follow the signs and directions from traffic controllers. Traffic management is in place for the safety of pedestrians, motorists and workers.

If you have any questions about this work, please call 1800 660 248 and ask to speak to a member of the New M5 community engagement team.

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
